

APRIL 2017

Knowing your prescription drug benefits can save you time and money

Did you know that using Baylor Scott & White Pharmacies could help you save \$2 on preferred generic prescriptions and \$15 on preferred brands?

Here are the facts:

At contracted pharmacies (non-BSW such as CVS, Walgreens, Walmart, etc.), preferred generics cost \$5. Preferred brands cost \$50.*

At BSW Pharmacies, preferred generics cost \$3. Preferred brands cost \$35.* That translates to big savings, especially if you and your family rely on multiple prescription medications.

And that's not all. At BSW Pharmacies, you can:

Fill 90-day maintenance-eligible prescriptions for the cost of only two copays — either in-store or through mail-order.*

Get a 20% discount on over-the-counter items when you show your employee ID badge.

Here are some additional resources you might find helpful:

- Find BSW Pharmacies near you by using the provider search tool in the Member Portal or on the MyBSWHealth App (from the App Store & Google Play). Or click [here](#) for a list of BSW Pharmacies.
- View your pharmacy claim profile, price a drug, and search drug information through the Pharmacy Portal.
- Get the convenience of home delivery with mail order. Transfer a prescription from your retail pharmacy to a BSW mail order pharmacy by calling (855) 388-3090. The mail order pharmacy is open for calls Monday through Friday from 7 a.m to 7 p.m., and on Saturday from 9 a.m. to 1 p.m.

- Visit the BSW Pharmacy website at www.myBSWRx.com or get the myBSWRx app (from the App Store & Google Play) to get help managing your prescriptions, including requests for refills and advice on medication adherence.

For questions about your prescription drug benefits, contact the Scott and White Health Plan Pharmacy team at (800) 728-7947.

**BSW HSA plan members must meet their deductible first.*
