

---

## Access to Discovery Benefits, your HRA administrator, just got easier!

---

We are simplifying the way you can manage your benefits through Scott and White Health Plan (SWHP).

Our Single Sign-on (SSO) enhancement through the member portal allows you to access your HRA claims and payment history automatically on the Discovery Benefits portal — with no need to enter a different user name and password.

### Here's how it works:

- Log in to the [Member Portal](#).
- Locate and click “HRA Available Balance” on the main page.
- Locate and click “Login to Discovery Benefits” on the Discovery Benefits My Plan Information page.
- Click “OK” on the pop-up window to be directed to the Discovery Benefits home page.

### Navigation options available on the Discovery Benefits portal:

- The Dashboard tab is where you can access real-time data about recent medical claims. The expenses can be sorted by category, status, recipient or provider to get better insight into where the benefit dollars are being allocated.
- The Accounts tab offers the ability to view account summary details, claim details, and payment history information.

If you have questions about your medical coverage, contact Scott and White Health Plan at 844-843-3229. For specific questions about the Discovery Benefits portal for your HRA, contact Discovery Benefits directly at 866-451-3399.

**Please Note:** *The Discovery Benefits portal is not customized for the BSWH HRA Plan; therefore, you will find some information that is not applicable to you (e.g. debit card information, submit claims, etc.).*

Thank you,  
Scott and White Health Plan
