## Airrosti will continue to be a Tier 1 provider effective Jan. 1, 2019

---

We previously [shared](#) with you Airrosti would be shifting to the Tier 2 Cigna National Network. Today, we are excited to announce they have joined Scott and White Health Plan and Baylor Scott & White Quality Alliance networks.

**What does this mean for you?** There will be no disruption to the level of benefit you will receive from Airrosti – they will remain a Tier 1 provider.

**Note:** The "Find a Provider" search tool will be updated by January 1 to reflect Airrosti's network status for the 2019 plan year.

Thank you for being a member,  
Scott and White Health Plan
